Returns for periods greater than one (the model fee). The composite model fee for each period is either the highest tier of the

year are annualized. Returns are expressed in U.S. dollars and reflect the reinvestment of current fee schedule or a higher value, whichever is required to ensure the model composite dividends and other earnings. Composite and benchmark returns are presented net of non- net-of-fee return is lower than or equal to the composite net-of-fee return calculated using reclaimable withholding taxes, if any. Gross-of-fees returns are presented before management actual fees. Actual fees may vary depending on, among other things, the applicable fee and custodial fees but after all trading expenses. Net-of-fees returns reflect gross schedule and portfolio size. The firm's fees are available on request and may be found on Part performance less investment management fees. Net-of-fees returns are calculated by 2A of its Form ADV. deducting 1/12 of the highest tier of the standard fee schedule in effect for the period noted
